

Birch Meadow Art Committee

# Submission Guidelines

BirchMeadowArtCommittee@gmail.com

---

Colin Carroll and Adam Rejtar got this idea for the art committee when they were in school from looking at all the empty bulletin boards and wondering what if they could put people's artwork up on the bulletin boards. Since we are not in school and we don't have access to the bulletin boards, **we will post a link to the chosen artwork on google classroom.** We think this is important because we want to show people's creativity and inspire others. You can make a painting, drawing, design, sculpture, anything!

**Theme:** What you have been doing at home?

**Submission Guidelines:** Art committee is a way to show people's artwork. First you have to make your art piece. Next you have to submit your artwork to the [BirchMeadowArtCommittee@gmail.com](mailto: BirchMeadowArtCommittee@gmail.com). Finally, there are also a couple rules which are:

- Rule number1: **Don't draw anything that is unacceptable**
  - Rule number2: **Don't forget to put your name and grade.**
  - Rule number3: **Label your art piece with what it is about. Write a sentence that describes your work.**
