## **Good Bye Summer...**

Listen to the whisper  
Autumn's in the air  
Summer waves goodbye  
For she knows she has to share.

Each season has its time  
With a beauty of its own  
Though summer now has left us  
Her beauty she has shown.

Now rich shades of autumn  
Reds and browns and gold's  
Emerge across the land  
As her carpet does unfold.

Summers sun still with us  
Now joined by a tiny chill  
As quietly autumn awakens  
Over valleys pastures and hills.

Goodbye summer we'll miss you  
But until we meet once more  
We'll bask in each glorious season  
As autumn now waits at our door.
