Discussion at video conclusion

As a newly appointed UN Messenger of Peace on Climate Change, DiCaprio embarks on a role of a lifetime. He explores climate change's devastating impact on the planet in this new educational documentary. Before the Flood presents a riveting account of the dramatic changes now occurring around the world due to climate change, as well as the actions we as individuals and as a society can take to prevent catastrophic disruption of life on our planet. The film follows DiCaprio as he travels to five continents and the Arctic speaking to scientists, world leaders, activists and local residents to gain a deeper understanding of this complex issue and investigate concrete solutions to the most pressing environmental challenge of our time

"Before the Flood" is so powerful because it presents climate change as it really is: a global threat that links together people separated by class and geography.

## The Day Before Christmas

We've been helping with the cake  
And licking out the pan,  
And wrapping up our packages  
As neatly as we can.  
And we have hung our stockings up  
Beside the open grate.  
And now there's nothing more to do  
Except..... to..... wait!
