SCHOOL/COMMUNITY RELATIONS GOALS

The School Committee believes that the District is an integral part of the community and that community support is necessary for the District's operation and achievement of excellence. The School Committee and District staff members recognize that community support is based on a mutual exchange, a dynamic process in which the District contributes to the community's success and, in turn, benefits from the community's resources.

In order to maintain productive relationships with the community, the District is committed to sustaining:

Effective, accurate, and meaningful communications that facilitate dialogue, encourage involvement in District programs, and create community advocacy for its public schools.

Volunteer programs that provide mutually enriching experiences for our students, staff, and community volunteers.

Recognition programs that publicly honor the contributions of our students, employees, and community partners and express pride in our individual and collective accomplishments.

Community service efforts which enable the District's staff and students to express their commitment to the community.

Adopted by the Reading School Committee on March 26, 2007

SCHOOL/PARENT RELATIONS GOALS

It is the general goal of the District to foster relationships with parents, which encourage cooperation between the home and school in establishing and achieving common educational goals for students.

While parents are individually responsible for their children, the District provides direct services of education for students during the time when they are within the supervision of school personnel. Consistent with these shared responsibilities and as appropriate to the maturity of the student, members of the school staff will consult with parents regarding student progress and achievement, methods to enhance student development, and matters of discipline.

Additionally, parental involvement in the schools is encouraged through regular communication with the school Principal and staff, the parent/teacher organizations, the school volunteer program, and other opportunities for participation in school activities and District programs.

Adopted by the Reading School Committee on March 26, 2007

NON-CUSTODIAL PARENTS RIGHTS

As required by Massachusetts General Law Chapter 71, Section 34H, a non-custodial parent may have access to the student record in accordance with law and Department of Education Regulations. The school district will follow the law and the regulations developed by the Massachusetts Department of Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their children ("non-custodial parents").

As required by M.G.L. c. 71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions.

- (a) A non-custodial parent is eligible to obtain access to the student record unless:
 - 1. The parent has been denied legal custody based on a threat to the safety of the student or to the custodial parent, or
 - 2. The parent has been denied visitation or has been ordered to supervised visitation, or
 - 3. The parent's access to the student or to the custodial parent has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record.
- (b) The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).
- (c) In order to obtain access, the non-custodial parent must submit a written request for the student record to the school principal.
- (d) Upon receipt of the request the school must immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).
- (e) The school must delete the electronic and postal address and telephone number of the student and custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school.
- (f) (f) Upon receipt of a court order which prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

RELATIONS WITH PARENT ORGANIZATIONS

To foster relationships with parents that encourage the home and school to work together to establish and achieve common educational goals for students, the Superintendent and the professional staff will:

1. Help parents understand the educational process and their role in promoting it.
2. Provide for parent understanding of school operations.
3. Provide opportunities for parents to be informed of their child's development and the criteria for its measurement.

To accomplish the above and to enhance communications between parents and school officials, the Committee encourages the maintenance of formal parent organizations at each school building. For this purpose the Committee will officially recognize a parent organization (PTO) at each building. Each PTO will be expected to comply with applicable state and federal laws and regulations governing non-profit entities.

Adopted by the Reading School Committee on March 26, 2007

COMMUNITY INVOLVEMENT IN DECISION-MAKING

The School Committee endorses the concept that community participation in the affairs of the schools is essential if the school system and the community are to maintain mutual confidence and respect and work together to improve the quality of education for students. It therefore intends to exert every effort to identify the desires of the community and to be responsive, through its actions, to those desires.

All citizens will be encouraged to express ideas, concerns, and/or questions about the schools to the school administration, to any appointed advisory bodies, and to the Committee.

Residents, who are specially qualified because of interest, training, experience, or personal characteristics, will be encouraged to assume an active role in school affairs. From time to time, these people may be invited by the Committee to act as advisors, either individually or in groups.

The Committee and the staff will give substantial weight to the advice they receive from individuals and community groups interested in the schools, particularly from those individuals and groups they have invited to advise them regarding specific problems, but will use their best judgment in arriving at decisions.

PUBLIC GIFTS TO THE SCHOOLS

The Superintendent will have authority to accept gifts and offers of equipment for the schools in the name of the School Committee when the gift is of educational value. In the case of gifts from industry, business, or special interest groups, no extensive advertising or promotion may be involved in any donation to the schools.

Gifts that would involve changes in school physical plants or sites will be subject to School Committee approval.

Gifts will automatically become the property of the school system. Any gift of cash, whether or not intended by the donor for a specific purpose, will be handled as a separate account and expended at the discretion of the Committee, as provided by law.

PUBLIC'S RIGHT TO KNOW

The School Committee is a public servant, and its meetings and records will be a matter of public information except as such meetings and records pertain to individual personnel and other classified matters.

The School Committee supports the right of the people to know about the programs and services of their schools and will make every effort to disseminate information. All requests for information will be acted on in accordance with applicable laws.

The official minutes of the Committee, its written policies and regulations, and its financial records will be open for inspection at the office of the Superintendent by any citizen desiring to examine them during hours when the office is open. No records pertaining to individual students or staff members will be released for inspection by the public or any unauthorized persons by the Superintendent or other persons responsible for the custody of confidential files. The exception to this will be information about an individual employee (or student) that has been authorized in writing for release by the employee (or student, or student's parent).

Each building administrator is authorized to use all means available to keep parents and others in the particular school's community informed about the school's program and activities.

NEWS MEDIA RELATIONS/NEWS RELEASES

Every effort will be made to assist the press and other communications media to obtain complete and adequate coverage of the programs, problems, planning, and activities of the school system.

All representatives of the media will be given equal access to information about the schools. General releases of interest to the entire community will be made available to the media.

In order that school system publicity is given wide coverage and is coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media:

1. The School Committee chairman will be the official spokesman for the Committee, except as this duty is delegated to the Superintendent.
2. News releases that are of a system-wide or a sensitive nature or pertain to established Committee policy are the responsibility of the Superintendent.
3. News releases that are of concern to only one school, or to an organization of one school, are the responsibility of the Principal of that particular school. All statements made to the press by other staff members of the particular school must be cleared with the Principal.

While it is impossible to know how news releases will be treated by the press, every possible effort should be made to obtain coverage of school activities that will create and maintain a dignified and professionally responsible image for the school system.

Adopted by the Reading School Committee on March 26, 2007

PUBLIC COMPLAINTS

Although no member of the community will be denied the right to bring their complaints to the Committee, they will be referred through the proper administrative channels for solution before investigation or action by the Committee. Exceptions will be made when the complaints concern Committee actions or Committee operations only.

The Committee believes that complaints are best handled and resolved as close to their origin as possible, and that the professional staff should be given every opportunity to consider the issues and attempt to resolve the problem prior to involvement by the Committee. Therefore, the proper channeling of complaints involving instruction, discipline or learning materials will be as follows:

1. Teacher
2. School building administrator
3. Superintendent
4. School Committee

If a complaint, which was presented to the Committee and referred back through the proper channels, is adjusted before it comes back to the School Committee, a report of the disposition of the matter will be made to the Committee and then placed in the official files.

Matters referred to the Superintendent and/or School Committee must be in writing and should be specific in terms of the action desired.

The Committee expects the professional staff to receive complaints courteously and to make a proper reply to the complainant.

PUBLIC COMPLAINTS

Complaint Procedure

- (1) A parent, guardian, or other person or group who believes that M.G.L. c. 76, s. 5 or 603 CMR 26.00 has been or is being violated, may request a written statement of the reasons therefore from the responsible School Committee through the Superintendent and may submit a copy of such request to the Bureau of Equal Educational Opportunity of the Department of Education. If such request is made, a copy of such request shall be sent by the School Committee to the Bureau of Equal Educational Opportunity.
- (2) The School Committee shall respond promptly, but no later than 30 days, in writing to the complaining party. The School Committee shall also send a copy of its response to the Bureau of Equal Educational Opportunity.
- (3) The Bureau of Equal Educational Opportunity shall act as the representative of the Board of Education for the purpose of receiving complaints pursuant to 603 CMR 26.00.
- (4) The Bureau of Equal Educational Opportunity shall, pursuant to a complaint received under 603 CMR 26.09 (1) or on its own initiative, conduct reviews to insure compliance with M.G.L. c. 76 s. 5 and 603 CMR 26.00. The School Committee and the specific school(s) involved shall cooperate to the fullest extent with such review.
- (5) In the event of non-compliance with M.G.L. c. 76 s. 5 or 603 CMR 26.00 the Board of Education may take such action as it sees fit, including, but not limited to, withholding of funds or referral of the matter to the Office of the Attorney General for appropriate legal action.

Private Right of Enforcement

Nothing in 603 CMR 26.00 shall abridge or in any way limit the right of a parent, guardian, or person affected to seek enforcement of St. 1971, c.622 in any court or administrative agency of competent jurisdiction.

PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

Complaints about school personnel will be investigated fully and fairly. However, before any such complaint is investigated, the complainant must submit his complaint in writing. Anonymous complaints will be disregarded.

Whenever a complaint is made directly to the School Committee as a whole or to a Committee member as an individual, it will be referred to the school administration for study and possible solution.

The Superintendent will develop, for approval by the Committee, procedures that assure prompt and fair attention to complaints against school personnel. The procedures will require that an employee who is the object of a complaint be informed promptly and be afforded the opportunity to present the facts as he/she sees them.

If it appears necessary, the administration, the person who made the complaint, or the employee involved may request an executive session of the Committee for a formal hearing and decision. Statutory restrictions on executive sessions will be observed.

PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

The following procedures are established to ensure that a citizen's complaint is given respectful attention and that the integrity of the educational program is upheld. "Complaint" in this regulation will be restricted in meaning to that criticism of particular school employees by a citizen of the School District which includes or implies a demand for action by school authorities. Other comments and suggestions will be referred informally to affected personnel.

1. If a complaint comes first to the person against whom it is directed, he/she will listen courteously and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee will refer him/her to the building Principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member will immediately inform his/her supervisor of the complaint.
2. If a complaint comes first to the Principal or other supervisor of the person criticized, he/she should listen courteously or acknowledge a letter promptly and politely, but should make no commitments, admissions of guilt, or threats. If the complaint involves a particular employee, the supervisor should suggest a conference between the complainant and the person criticized and should inform that person immediately of the complaint.

If the complainant has already met with the person criticized and remains unsatisfied, the supervisor should invite the complainant to file his complaint in writing.

3. If a complaint comes first to any other school employee, that employee will refer the complainant to the person criticized or his immediate supervisor and immediately inform both.
4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.
5. When a written complaint is received, the Principal or other supervisor will schedule a conference with himself, the complainant, the person criticized, and if advisable, the department chairman or other personnel that either the supervisor or the person criticized feels could contribute resolution of the problem.
6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.

7. Should dissatisfaction remain after the above steps have been taken and the matter is within the purview of the School Committee, the matter will be placed on a future agenda for a regularly scheduled Committee meeting. Any decision of the Committee will be communicated to all interested persons.

PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals.

Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent requests that his/her own child not read a given book, the teacher and/or school administrator should resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply, however, to basic program texts and materials that the Committee has adopted.
2. The Committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use:
 - a. The person who objects to the book or other material will be asked to sign a complaint on a standard form on which he/she will document his criticism.
 - b. Following receipt of the formal complaint, the Superintendent will provide for a reevaluation of the material in question, he/she will arrange for the appointment of a review committee from among the faculty to consider the complaint.
 - c. The Superintendent will review the complaint and the committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, he/she may appeal it to the Committee.

In summary, the Committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents with respect to controversial materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.

PROCEDURES FOR PROCESSING COMPLAINTS ABOUT SPECIFIC LIBRARY BOOKS

In the event that a staff member, citizen, or parent raises questions about the appropriateness of a particular selection for circulation from the library/media resource center, the following procedures should be employed:

- A. The person with a concern will be encouraged to discuss the questions and concerns with the Library Resource Specialist and with the building Principal in an effort to get the questions answered or to insure that the book will be fully understood.
- B. If the person is not satisfied with the action at the school level and still questions the appropriateness of circulating the selection, a formal written complaint will be directed to the Office of the Superintendent. The complaint will be written on a form entitled "Citizen's Request for Reconsideration of Materials"; and it may be obtained from the Coordinator of Library/Media Programs (944-8200) or from the Office of the Superintendent. The form includes space for a detailed critique of the book and provides space for suggestions by the complainant of how the school should deal with the book.

When the completed form is received by the Office of the Superintendent, a review committee will be called into existence. It will consist of the Asst. Superintendent for Curriculum and Personnel, the Coordinator of Library/Media Programs, the Principal and one Library/Media Specialist different from the original school.

The committee may decide to ask teachers, parents or students to join them in reviewing the item in question. Committee meetings will be called by the Assistant Superintendent. Both the complainant(s) and the Principal and resource specialist of the school involved will have the opportunity to meet with the committee during the review process.

The review committee will make a recommendation for action to the Superintendent of Schools. If the action satisfies the complainant, the review committee will be disbanded.

If the recommended action does not satisfy the complainant, the review committee will remain in being to explain the reasons for the decision.

- C. The person can request School Committee consideration of the complaint. The review committee will share their views with the School Committee at the same time the School Committee hears the complaint of the person.

COMMUNITY USE OF SCHOOL FACILITIES

It is the School Committee's desire that maximum use of school property be enjoyed by the townspeople. It is the Committee's intent that such use will maintain safe conditions and preserve the property for school program use.

Use of school buildings and other facilities by organizations will be permitted only when a worthy educational, civic, or charitable purpose will be served; or a substantial group of citizens from the community will be benefited.

School facilities will be used according to the regulations and rental fee schedules recommended by the Superintendent and approved by the School Committee.

Permission for the use of facilities must be obtained through the office of the Superintendent of Schools, where applications are available for this purpose.

Eligibility

School facilities will be available for the following:

1. Public school activities
2. Parent-teacher activities
3. Official town public hearings and political activities
4. Meetings and activities sponsored by the School Committee and school personnel
5. Local nonprofit and noncommercial organization activities
6. Civic, educational, social, and religious organization activities if a substantial portion of the members are residents of the town
7. The activities of other organizations when approved by the School Committee

School and Town Preference

The priority given requests for use of school facilities will be as follows:

1. School activities.
2. Town meetings and elections.
3. community activities.

PUBLIC SOLICITATIONS IN THE SCHOOLS

The School Committee will place limits on commercial activities and fund-raising activities in the schools for the following reasons:

1. The school system should provide students, parents, and employees some measure of protection from exploitation by commercial and charitable fund-raising organizations.
2. The school system should not give the public the impression of generally endorsing or sanctioning commercial and fund-raising activities.
3. Commercial and fund-raising activities may disrupt school routine and cause loss of instructional time.

Following these guiding statements, the Superintendent and Principals may permit occasional commercial or fund-raising activities related to the objectives of the schools with the following exceptions:

1. No direct solicitation of students or employees may take place without School Committee permission.
2. No general or class distribution of commercial or fund-raising literature may take place without School Committee permission.

For the purposes of this policy, local PTA and PTO groups and groups representing school system employees will be considered "school groups" and will be governed by the Committee's policy on staff solicitations.

ADVERTISING IN THE SCHOOLS

No advertising of commercial products or services will be permitted in school buildings or on school grounds or properties without the permission of the Superintendent of Schools. Publications of the school system will not contain any advertising. However, this will not prevent advertising in student publications that are published by student organizations, subject to administration controls, or the use of commercially-sponsored, free teaching aids if the content is approved by the administration.

Solicitation of sales or use of the name of the school system to promote any product will not be permitted by the Committee.

VISITORS TO THE SCHOOLS

The School Committee encourages parents and guests to visit classrooms to observe and learn about the instructional programs taking place in our schools. Such visits can prove most beneficial in promotion of greater school-home cooperation and community understanding of how we carry out the school system's mission and goals.

Visits by parents to several classrooms in a given grade for the purposes of comparing teaching styles to provide a basis for a request for student assignment to a particular teacher are not permitted because the School District's policy of assigning a student to a particular class is the sole responsibility of the building Principal in consultation with the staff of that school.

The following guidelines to classroom and school visits should be followed:

1. Parental requests for classroom visitations will be welcomed as long as the educational process is not disrupted. To this end we request that such requests be made at least forty-eight hours in advance to allow for proper arrangements to be made.
2. The building Principal has the authority to determine the number, times, and dates of observations by visitors. This will be done in consultation with staff members so as to give adequate notice to the staff members of the impending visits.
3. For security purposes it is requested that all visitors report to the Principal's office upon entering and leaving the building and sign a guest log showing arrival and departure times. Teachers are encouraged to ask visitors if they have registered in the Principal's office.
4. Under ordinary circumstances classroom observations will be strongly discouraged during the first three weeks of school in September and during the month of June.
5. Any student who wishes to have a guest in school MUST ask permission of one of the administrative staff 24 HOURS in advance of the proposed visit. If permission is granted, the guest is expected to follow the standards of behavior expected of all students. Upon arrival the guest must register in the office. Any guest who fails to comply with student regulations will be asked to leave the school building and grounds immediately.

RELATIONS WITH BOOSTER ORGANIZATIONS

The School Committee recognizes that the endeavors and objectives of Booster organizations and similar groups can be a valuable means of stimulating interest in and endorsement of the aims and achievements of our public school system.

Generally, actions initiated by boosters provide the atmosphere and climate to foster and encourage community-school relationships.

Booster-proposed plans, projects, or activities must be evaluated and promoted in light of their stated contribution to the academic as well as the athletic and fine arts programs of the schools. Care must be taken to avoid compromising or diluting the responsibilities and authorities of the School Committee.

Adopted by the Reading School Committee on March 26, 2007

RELATIONS WITH POLICE AUTHORITIES

Cooperation with law enforcement agencies is essential for the protection of students, for maintaining a safe environment in the District schools, and for safeguarding all school property.

Relationships between the schools and officials of law enforcement agencies in investigative matters concerning pupils will take into consideration the respective roles of the schools and law enforcement agencies in assisting and protecting the interests of the community, and ensuring the rights of all concerned.

The School Committee also recognizes the potential enrichment that law enforcement agencies can make in the educational program.

Efforts should be made to develop and maintain a healthy attitude toward law enforcement agencies and personnel to promote better understanding and communication.

Adopted by the Reading School Committee on March 26, 2007

RELATIONS WITH PLANNING AUTHORITIES

The School Committee will participate in local and state planning functions that could directly affect District schools and their immediate environment.

The Superintendent or designee will keep the School Committee informed of planning matters (I.E. impact of housing projects on student enrollment and school capacity) bearing directly on the operation of District schools or school-sponsored programs, and will undertake action on behalf of the School Committee to influence matters in the best interests of the students, the schools and the District.

Adopted by the Reading School Committee on March 26, 2007

RELATIONS WITH LOCAL GOVERNMENTAL AUTHORITIES

The School Committee and its administrative officers welcome all who seek to serve the residents of the community and will participate with them in the planning and execution of such projects as will be mutually beneficial for students.

It is School Committee policy that administration inform elected and appointed officials of the local government of the desire to work cooperatively for improved services.
